USING THE LÜ COMMUNITY

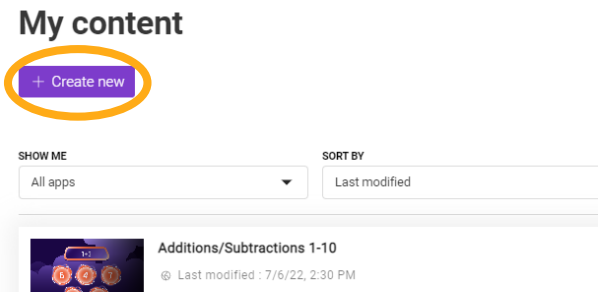

BENEFITS OF THE LÜ COMMUNITY

- Allows you to tailor your content to the students' learning program.

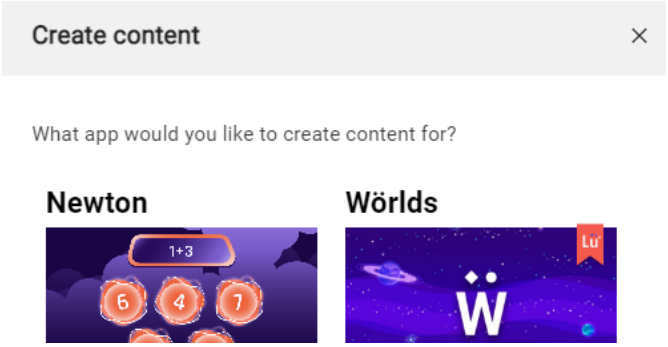

CREATING NEW CONTENT

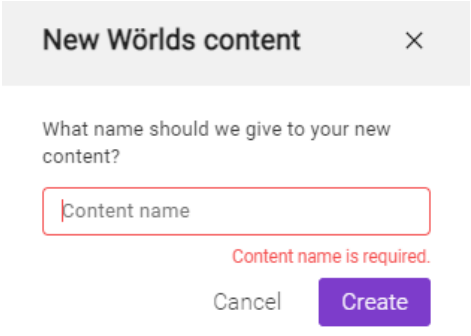

1. In the menu on the left, click on **"My content"**.
2. Click on the purple **"+ Create"** button.

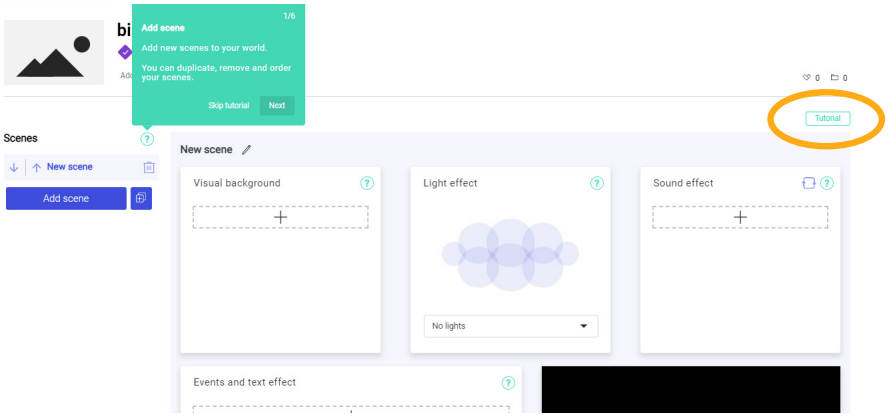

3. Choose the application for which you want to create content.
4. Name your activity.

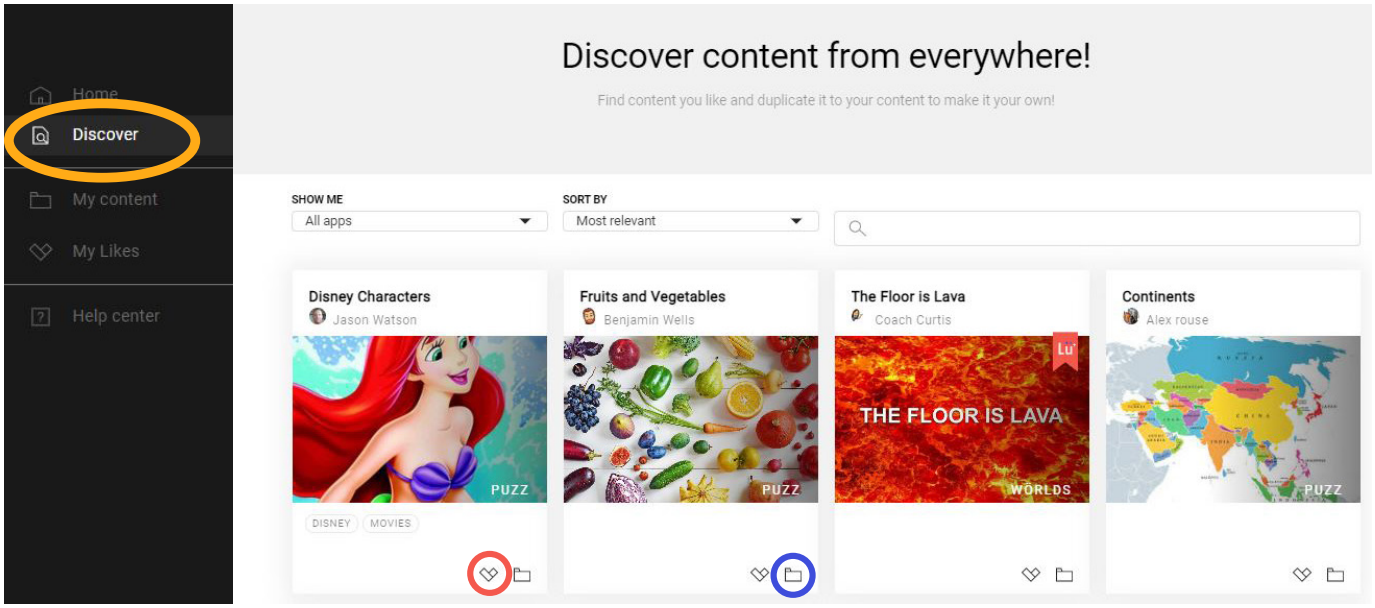

5. Click on the “Tutorial” button on the top right for step-by-step instructions on how to create content.
6. Get your creative juices flowing!

CHOOSING AN EXISTING ACTIVITY

1. In the menu on the left, click on **“Discover”**.
2. Explore the content generated by Community users.
3. You can filter your searches by application or keyword.
4. To add activities to your library, click on the **heart icon**.
5. To create content from an existing activity, click on the **folder icon** to duplicate and edit it.

USING YOUR PERSONAL CONTENT OR FAVORITES ON LÜ

1. In the menu on the left, click on the **“My content”** folder icon.
2. Your content will be displayed by application.
3. You will see a preview of your activity before you launch it.
